Crafted in
Annapolis.

Made for
everywhere.

Locally made | Sustainably crafted | Infinitely customizable

From school drop-off to center stage, the Skiff2 keeps pace with every performance. Handcrafted in Annapolis, this versatile shoe combines effortless style, lasting comfort, and Michelin-grade traction — built for those who move seamlessly through life's many movements.

Outfitted with high-traction tread by **Soles by MICHELIN®**, the Skiff2 delivers confident footing whether navigating busy streets, concert halls, or cobblestone walks abroad. A supportive insole cushion keeps you comfortable through rehearsals, travel, and encore moments.

Each pair is crafted with **100% recycled REPREEVE®** yarn, transforming six plastic water bottles into a breathable, lightweight upper that performs beautifully without excess. Designed with global components and manufactured locally in Annapolis, the Skiff2 is where craftsmanship meets cadence — **made for those who lead with style and purpose.**

Made for the Maestro

skiff2 by made+

Vote Now!

Help us design a custom Made Plus shoe for Maestro José-Luis Novo. He needs a shoe that can go from school drop-off to the stage, and from strolling the streets of Spain to making music in Annapolis. Made Plus is the perfect choice!

We're crowdsourcing the perfect design for the Maestro. You pick the color and style! Place your vote using the QR code below.
